Thea & Schoen is proud to announce its acquisition, effective October 1<sup>st</sup>, of William B. Bleiman & Sons, Inc., a Philadelphia based Manufacturers' Representative Agency serving the Mid-Atlantic and Baltimore/DC territories since 1940.

Like Thea & Schoen, Bleiman & Sons is a successful third generation family owned and operated agency representing premier manufacturers. They have a strong history of quality customer service and client relationships. The company's integration will only help strengthen those relationships with our enhanced offering of services. We will work together as one unified team to provide our customers with the highest quality products and services in the industry.

William B. Bleiman & Sons will continue to operate out of its current offices in Conshohocken, PA supported by the Thea & Schoen team and facilities including their 250,000 sq. ft. warehouse in nearby Clifton, NJ. Please continue to work with your current sales personnel. In the coming months you will see some rebranding efforts as well as some new and exciting opportunities, all supported by the same reliable customer service to which you are accustomed.
